

### STUDENT PHOTOS, MEDIA INTERVIEWS RELEASE

During the year, the Northridge Band Program will often have the opportunity to photograph, audiotape, and/or videotape our students in a variety of school-related activities. Fine arts programs, performances, and classroom assessments are a few examples of these activities.

As such, these personally identifiable photographs and/or audio and videotape footage may be used as communication tools such as the district newsletter, annual report, band/district website, local newspapers, and in communicating with the media such as allowing interviews or photographs with students. (The program reserves the right to deny media requests for student interviews at any time).

Highlighting achievements in our schools is an integral part of reporting responsibly to our community and is a way of sharing in the successes of our school and students.
